Regardless of the degree you’re working towards, one attribute binds all UNSW students: an appreciation for diversity. What better way to showcase this diversity than through food?

Whether you’re aspiring to be an altruistic doctor, a confused mathematician or an inquisitive material scientist, your greatest memories and learning won’t be from within your faculty, but from those around you. That’s why the 2015 Student Cookbook has been put together around the theme ‘Food for Faculty’.

As you use this cookbook, I hope you will be reminded of all the enthusiastic and incredible people that attend this university. I also hope you recognise that no matter what our background (or our future) holds, we are all united by a love of sharing food.

So heat up your oven, get your best dicing knives sharpened and fill up your growling stomach.

Every dish you cook is a meal closer to graduating. Congratulations and keep that appetite up!
Somer Sivrioglu grew up in Istanbul and moved to Sydney when he was twenty-five. He now runs the extremely popular Efendy restaurant in Balmain, where he draws on a multitude of cultural influences to recreate the food traditions of his homeland.

His new book, Anatolia, is a richly illustrated exploration of Turkey’s cooking culture. Somer and food scholar David Dale explain the traditions and diversity of Turkish cooking.

Somer shares the history of his homeland’s different regions, covering ingredients, essential equipment, top techniques and even a phonetic breakdown of the Turkish alphabet to help readers recreate these dishes at home. For travellers itching to get a firsthand taste of Turkey, Somer also delves into the best places to eat and stay.

As Somer says, ‘I think I’m simply doing what the peoples of Anatolia have been doing for millennia – getting the best out of local produce with techniques tested and proved by my ancestors’.
SPOON SALAD

serves 4 people

**INGREDIENTS**

- 6 ripe tomatoes
- 1 red onion
- 1 bunch mint
- ½ bunch flat-leaf (Italian) parsley
- 115g (4 oz/1 cup) walnuts
- 3 green bullhorn pepper
  OR 1 green pepper
- 1 green chilli
- 1 tbsp sumac
- 2 tbsp pomegranate molasses
- 60ml (2 fl oz/¼ cup) olive oil
- 1 tbsp apple vinegar
- 1 tbsp sea salt
- 150g (5½ oz/½ cup) pomegranate seeds

**METHOD**

1. Quarter the tomatoes, remove the white centres and then finely chop. Finely chop the red onion.
2. Discard the mint and parsley stalks and finely chop the leaves. Finely chop the walnuts.
3. Cut the bullhorn peppers and the chilli in half, and remove the seeds and stalks. Finely chop.
4. Mix all the chopped ingredients together in a salad bowl.
5. Mix the sumac, molasses, olive oil, vinegar and salt together, pour onto the salad and toss.
6. Sprinkle the pomegranate seeds on top and serve.

**BACKGROUND**

This salad is served with kebaps all over Turkey, and is designed to be eaten with a spoon. It’s just a finely chopped salad, with the tomato pieces no bigger than the pomegranate seeds, but you’ll see it on menus in Istanbul described as the famous ‘Gavurdağ’ salad (apparently named after a mountain in southeast Anatolia). My friend Musa points out in his scholarly journal Yemek ve Kültür (Food and Culture) that there’s a trend in Turkey for chefs to give obscure names to standard dishes in an attempt to suggest authentic regional origins. This could well be one of those.

CASSAVA CHIPS AND SALSA HUANCAINA

MAEVE O’MEARA CELEBRITY JOURNALIST

INGREDIENTS

1 kg fresh cassava, peeled, OR frozen whole cassava, thawed
Vegetable oil for deep-frying
Sea salt

SALSA HUACAINA

1 tbsp olive oil
1 garlic clove, finely chopped
½ red onion, chopped
2 small red chillies, seeded and chopped
4 aji amarillo chillies, seeded and chopped (or a mixture of yellow banana chillies and extra small red chillies, or 3–4 tablespoons aji amarillo chilli paste)
400g creamy fetta, crumbled
4 Sao or Salada biscuits, roughly broken
100–150ml evaporated milk

METHOD

1. Cook the whole cassava in lightly salted boiling water for 20 minutes or until soft. Drain. When cool enough to handle cut it into thick chips and refrigerate until ready to fry.

2. To make the salsa, heat the oil in a small frying pan over low–medium heat and add the garlic, onion and chillies (but not the chilli paste if using). Cook, stirring, for 3–4 minutes. Transfer to a blender and add the chilli paste if using fetta, biscuits and half the milk and blend until smooth. Taste for seasoning, adjusting if needed, and add more milk if the mixture is too thick. Scrape into a bowl.

3. Heat the oil in a large saucepan or wok until very hot and fry the cassava chips in batches until golden and crisp. Drain on paper towel, then sprinkle with salt. Serve with the salsa for dipping.

BACKGROUND

This is a delicious Peruvian recipe from Jorge Chacon. Surely the crunchiest, sexiest chips in the world come from cassava – extra creamy inside and crunchy outside due to their low moisture content. You can find frozen or fresh cassava at Asian Supermarkets or Pacific Island grocers. They look like a slightly more slender version of a sweet potato with dark brown skin.

Salsa huancaina is a smooth and creamy sauce with a hint of chilli. It uses long yellow Peruvian chillies called aji amarillo, but if these aren’t to be found you can use yellow banana chillies and small red chillies to boost the heat, or some bought aji amarillo paste. Mild queso fresco cheese is the other main ingredient (fetta can be used as a substitute), and traditionally a few dry biscuits give the sauce extra body. The sauce is also a great companion for potatoes or corn.

1 can red kidney beans, drained
1 can corn kernels, drained
1 can crushed tomatoes
1 tbsp olive oil
1 tbsp crushed garlic
½ onion, finely chopped
1 capsicum, diced
1 zucchini, diced

Like any reliable arts student, this dish is creative and unique.

CHICKEN WINGS

serves 4-5 people

INGREDIENTS

- 4 tbsp fiery harissa paste
- ½ tbsp olive oil
- 16-20 chicken wings
- 4 blood oranges, quartered
- Icing sugar
- 1 bunch fresh coriander, finely chopped
- Salt

METHOD

1. Heat a grill or barbeque.
2. Mix the harissa with the olive oil in a small bowl. Add salt to taste.
3. Coat the chicken wings with the mixture.
4. Dip the oranges lightly in icing sugar and run them along skewer sticks.
5. Place the wings on the hot barbecue or under the grill for 5 minutes on each side. Once the wings begin to cook and brown, add the skewers. Cook them until they appear dry but not burnt.
6. Serve the chicken wings immediately with the oranges, sprinkled with a little chopped fresh coriander.

CHEF’S TIP

If you are using a very small grill, watch the chicken very carefully. The wings may touch the top of the element and burn.

ROSEMARY AND OLIVE OIL FOCACCIA

**INGREDIENTS**
- 500g bread flour
- 1 x 7g sachet dried yeast
- 2 tsp salt
- 250ml warm water
- 80ml olive oil
- 1 bunch rosemary
- Extra olive oil to drizzle over
- 1 pinch sea salt flakes (optional)
- 1 pinch sesame seeds (optional)

**METHOD**

1. Preheat oven to 200°C or 180°C fan-forced and oil a large baking tray.
2. Place flour in a large bowl, add salt to one side of the bowl and yeast to other side (this is important for the yeast not to activate).
3. Add water and oil and combine. At first it will look like it’s too wet but don’t add more flour because as you knead it, it will come together.
4. Knead the dough for 10 minutes, or until consistency is elastic and firm. To check if the dough has been kneaded enough, use your finger and poke 2cm into the dough to see if it returns to its original shape.
5. Place dough onto baking tray, roll and flatten evenly to a thickness of 1.5cm.
6. Cover with a tea towel and leave dough to rise for 25-30 minutes in a warm and humid environment. (This could be outside in the sun, or if no sun is available, place a bowl of hot water next to the baking tray, rotating the tray and refilling the bowl every 10 minutes.)
7. Wash and dry rosemary, pick individual sprigs that normally come in 3 or more leaves.
8. Remove cover of tray and gently poke holes into the dough, 3-5 cm apart from each other and place rosemary sprigs inside.
9. Sprinkle sea flakes and sesame seeds generously over dough, if using.
10. Bake for 25-30 minutes or until golden brown.
11. Pour olive oil generously and let sit to cool down for a few minutes before cutting into squares.
12. Serve warm with soups, pasta, lasagna or as a starter.

**BACKGROUND**
The first time I made this was at a beach house down at Callala. We were short on sides, so I brought some baking ingredients and picked some rosemary from the backyard. I managed to whip this up in about an hour.

- 3 earl grey tea bags
- 2 rose black tea bags (optional but recommended)
- 1 tsp buttermilk
- Handful of rosebuds, crushed and green part removed

**METHOD**

1. Preheat the oven to 220°C or 200°C fan-forced.
2. In a small saucepan, warm milk on low heat and add in tea. If using teabags, secure teabags to the saucepan handle with a knot. If using loose-leaf tea, spoon directly into saucepan but be sure to strain afterwards.
3. Infuse for 5-10 minutes, ensuring milk does not boil over. Spoon off any ‘milk-skin’ that may have formed.
4. Remove from heat and cool to room temperature before removing teabags or straining.
5. Sift the flour, bicarbonate of soda, cream of tartar and salt into a large bowl.
6. Using your fingertips, rub in the butter until the mixture resembles breadcrumbs. Add sugar and crushed rosebuds. Mix well.
7. Combine two thirds of the beaten egg with the tea-infused milk, then add to the flour mixture and mix briefly to combine into a moist dough.
8. Place dough on a lightly floured work surface and knead, then press or roll out to a thickness of 2cm.
9. Cut out approximately 12 scones and place on a tray lined with baking paper.
10. Add the buttermilk to the remainder of the beaten egg, then brush the scones with the egg wash and bake in the oven for 10–12 minutes. Serve.

**BACKGROUND**

This recipe was inspired by my travels in London where I first discovered my love for scones, English tea and being an Anglophile!

## CHOCOLATE SOUFFLÉ

### INGREDIENTS

- 60g dark chocolate, chopped
- 2 eggs, separated
- 25g caster sugar, plus extra to coat ramekins
- Butter to coat ramekins
- 250g of strawberries
- 4 tbsp caster sugar
- 300ml cream, whipped

### METHOD

1. Preheat oven to 200°C or 180°C fan-forced.
2. Grease two ramekins with butter and thinly coat with caster sugar, tipping out any excess.
3. Wash strawberries, dry, hull and slice into slivers. Place into a bowl and coat with caster sugar. Cover bowl and place in fridge.
4. To melt the chocolate, microwave for 15 seconds bursts, stirring in between until completely melted. Cool for about 5 minutes.
5. Beat in egg yolks until smooth.
6. In another large bowl, add egg whites and begin whisking or machine beating. As the egg whites become foamy, take three breaks and add one third of the caster sugar in each time. Continue whisking until egg whites stiffen up. This may take up to 10 minutes.
7. Whisk in one third of the egg whites to the chocolate mixture (this will lighten the batter so that you won’t end up with lumps of egg white).
8. Carefully fold the rest of egg whites into the mixture with a spatula in two intervals until mixture is smooth.
9. Spoon mixture into the ramekins and tap ramekin gently on the bench to knock out any air.
11. Remove from oven and serve with the macerated strawberries and whipped cream.
