Hello!

Starting something new whether it is a new job, a new relationship, or a new year can be daunting, and overwhelming but for the most part, new things are exciting!

I remember starting my journey here with no friends, no sense of direction of the expansive concrete jungle that is UNSW, and no idea how to survive this thing called student life. O-Week changed everything, I made my first friends, of the expanse concrete jungle that is UNSW, and no idea how to survive this thing called student life.

Starting something new whether it is a new job, a new relationship, or a new year can be daunting, and overwhelming but for the most part, new things are exciting!

Regardless of whether you’re a first year or a fifth year, Arc is here to make it a ball of fun and to help you relax – your fun and spirited student organisation. I’d like to extend a big, warm welcome to new students on campus. To all the old faces, I hope you had a wonderful and adventure filled summer break. I’m sure you all are excited to start a new year at university with Arc making 2017 as enjoyable and memorable as it can be.

MELISSA YA DESIGNER

Melissa enjoysimmering herself in things: novels, podcasts, cinema, unlocking the magical powers of Adobe Suite. If you follow her around a bookstore, you can sometimes hear her sighing at poor typespace choices and book cover designs.

CASEY D’SOUZA | EDITOR

Casey (pronounced Cas-see) likes many things: but mainly words, the Oxford comma, and long romantic late night walks to her fridge. When she’s notinstagramming her food or globetrotting, she can be found unraveling the web of words inside her head and making it seem like she’s going places.

JOYCE TSU | TV

Joyce (more likely to respond to Joisugoi) dreams that one day she’ll become a panda. She loves sleeping and a nice cheesy lasagne. You may catch her watching Cooking in the Woods videos or 24/7 puppy livestreams, only if she’s not crying over how much she spent on filming equipment.

AMY KIMBALL | RADIO

Amy loves to talk herself out of things, but has somehow talked herself into running a radio station. She loves film, TV, entertainment, and freaking out about finding a job in these areas. In her spare time she enjoys referring to herself in third person.

ALESSANDRA FEMENIAS | RADIO

Alessandra dabbles in lots of things (sometimes too many). She likes music, art, and watching obscure documentaries. She also plays guitar in a band and likes to colour her hair various shades of red. In her spare time, you can probably find her at a gig or in a record store, trying to find vintage records to add to her collection.

SEJON IM | TV

Sejon (pronounced Sejon) is a producer for Blitz TV and will be working on many hectic videos throughout the year. In his off-time he likes to cook, serenade and participate in other charming activities such as saving children from house fires. He also enjoys chilling’ with mates at the beach, making beats and havin’ a boogie on the dance floor.

JOYCE TSU | TV

Sejon (pronounced Sejon) is a producer for Blitz TV and will be working on many hectic videos throughout the year. In his off-time he likes to cook, serenade and participate in other charming activities such as saving children from house fires. He also enjoys chilling’ with mates at the beach, making beats and havin’ a boogie on the dance floor.

MEET THE BLITZ TEAM

This year, Blitz is transforming into an integrated media platform – we’re saving some trees and moving online!

We’re still a collaborative student community aimed at keeping you in the loop with what’s on, what’s hot and what’s not at UNSW and Sydney, but a whole lot bigger and better online: blitz.arc.unsw.edu.au

HIT UP blitz.arc.unsw.edu.au TO STALK US
Arc turns 10 this year!

There’s a village in Norway called Hell and yes, it does freeze over.

The Medicine Faculty histology lecturer (PDP) has a pet iguana (and is seen with it regularly in Coogee). #iguanaspotting

UNSW LOVE LETTERS

CHILDISH GAMBINO | Awaken, My Love!

Donald Glover is a bona fide triple threat – and a beautiful, beautiful man – and his latest musical offering as Childish Gambino feels like an instant classic.

Redbone, on repeat.

DAVID BOWIE | No Plan

2016 took a lot from us – including Bowie. Allow yourself to embrace nostalgia by listening to this EP released in celebration of Bowie’s 70th birthday.

BOOK NOOK

OH, THE PLACES YOU’LL GO by DR. SUSS

Perfect for starting the year on a swell note, this classic proves that you’re never too old for Dr. Sues. From soaring high heights to seeing great sights, Dr. Sues reminds us all that as we start new adventures, there is always fun to be done.

URBAN DICTIONARY

OH, THE PLACES YOU’LL GO by DR. SUSS

WHERE YOU LEAD, I WILL FOLLOW
Follow BLITZ and Arc on social media to keep up to date with what’s hot, what’s on and what’s free. UNSW’s ‘Free Food’ and ‘Textbook Exchange’ Facebook groups will also keep you fed and well read.

BLITZ Facebook/Instagram/Snapchat: BLITZ UNSW
Arc Facebook/Instagram/Snapchat: Arc UNSW

PROCRASTI-HATE
Procrastination is not your friend - it’s the devil, convincing you that ‘later’ is fine and that you are capable of watching a 40 minute episode in 30 minutes. If you find yourself in trouble the night before something is due, fear not. The 24-hour study space on campus (Student Study Lounge in the Main Library) means you can finish up that essay and make it to class on time.

FIND YOUR BEARINGS
Save yourself from having to run up the Basser Steps by knowing where you are and where you’re going. You can find everything from the nearest ATM to bus stop using the map at the front of this mag, at the back of the Arc 2017 diary or the ‘Lost on Campus’ app.

THER Thirst for freebies
Student Life is all about the freebies! O-Week is prime freebie time so pick-up free pens, highlighters and notebooks to last you the year. Luckily, freebies float around campus annually. Keep an eye out for free sausage sizzles, Arc Street Team giveaways and comps to win freebies.

THE THIRST FOR FREEBIES

BLITZ MAG | 9
The Whitehouse is the home of coffee on campus. Ever the quiet achiever, it’s the place to chill out, hang out and meet up – stop by for a boardgame, punchbowl or pizza.

Through the Quad Arch (C15)

There are countless opportunities to get involved in NUTS this year. In O-Week, we’ll have a stall where you can sign up and meet some of our friendly members, auditions for our second show of the year - Punk Rock, writing workshops for our hilarious showcase of student written skits - Domestic, and a pub-crawl on Friday night to top it all off!

In Week 1, there’ll be a launch party for our first season of shows for 2017, auditions for Domestic and a couple of exciting workshops including our ‘Get Fit or Die Trying’ initiative - Sweaty NUTS. From Week 2 onwards we’ll have a huge variety of shows, including our exciting new production of Shakespeare’s The Tempest, Domestic, our raunchy Welcome Back Cabaret, and the biting contemporary play, Punk Rock.

Being involved in NUTS has brought about amazing opportunities allowing me to get involved in incredibly high quality productions, and learn about the practical (and immensely fun) side of theatre. I’ve found a hilarious family of nutters, not just through involvement in shows but also through the society’s many social events. I’m also directing a bold new production of The Tempest, which is proving to be one of the most challenging and rewarding experiences I’ve ever had.

The Tempest is Shakespeare’s last and most self-aware work, set on an enchanted island filled with spirits and monsters, where an overthrown Duke, Prospero, has lived with his innocent daughter, Miranda, for the past twelve years. When Prospero and his sidekick Ariel conjure up a tempest and strand all of Prospero’s enemies on the island, things change. Miranda falls in love with the first man she meets, a hilarious duo of lords plot to usurp Prospero’s usurper, and the enslaved spirit Caliban tastes alcohol for the first time and adopts the drunkard Stephano as his god.

In this production, we’re bringing a unique emphasis on physical performance to the play, and integrating live music, dance sequences, and silk aerials in order to heighten the play’s sense of metatheatricality, and its interest in the bittersweet impermanence of both art and life.

Don’t forget to pop by the NUTS stall this O-Week to get involved in an amazing theatrical world! I can promise you, joining this society was the best $5 I’ve ever spent.
FINDING IT DIFFICULT TO ADJUST? WONDERING HOW EVERY OTHER STUDENT HAS GOTTEN THE FIRST WEEK DOWN TO A T? HERE ARE FIVE PROBLEMS FIRST YEARS CAN RELATE TO AND HOW TO RECTIFY THEM.

Problem #1: Trying to survive this uni thing
Solution: First up, course outlines are your bible – and so is Moodle. Jot down when your assessments are due on your planner. Constantly check Moodle for lecture slides and lecture recordings. More importantly, don’t forget to treat yo’self and you’ll nail this uni thing.

Problem #2: Being the only student from your high school going to UNSW
Solution: Rocking up solo doesn’t mean you’re going to be lonely forever and it means you get to start uni with no Beckys in sight.

Problem #3: Struggling to make friends
Solution: Chat to the person sitting next to you in tutes, that way you have a familiar face come lecture time. Attend your faculty-based society camp and join a club or volunteer with one of Arc’s programs, to socialise outside your degree. Who said uni was all about hitting the books?

Problem #4: Being judged based on your postcode
Solution: Don’t disguise or hide your postcode, own it. Being from Woop-Woop allows you to bring forward that suburban (or rural) perspective during tutes – something the city slickers lack.

Problem #5: Perfecting the study/internship/work/sleep/social life balance
Solution: Get out your planner and highlighters out and get organised. Keep an eye out on when the busy waves occur throughout semester (hint: typically mid-sem and end of sem), because with a little prioritising, balancing and time management, you won’t be on Struggle Street no more.

Being an adult is hard. Filing your taxes will have you considering a finance major, and what’s a good deal on superannuation anyway? Gone are the days of ‘pocket money’, replaced by clean outfits, aspirin and finding a job.

Job applications are an endless maze of sounding upbeat while trying not to communicate the real reason you’re applying to bag groceries and work in retail – you’re desperate for dollar dollar bills.

To make it through uni with a job (and stay relatively sane) it is essential to find an employer who can do two things:
1) understand that you’re at uni and currently under the same amount of pressure it takes to turn coal into a diamond; and
2) realise that you need all the shifts you can get.

When applying for a job or any graduate program, you are asked to write a cover letter or a letter about yourself. In this letter they don’t actually want to know about you, your love for true crime and the My Favourite Murder podcast. Even your ability to eat two times more than anyone else at Christmas dinner – a skill envied by many, isn’t what they’re looking for. Instead, they want you to use buzz words like “inspired”, “teamwork”, “innovative,” and my favourite, “creative soul” for a chance to be the next big shot.

Although these jobs may see you as just another cog in the wheel, at the end of the day they are the stepping stones to great things, big things, and will actually lead you to jobs that will endorse and love your “creative soul”.

So strap yourself in, take a deep breath and go get that cash money.

EXPECTATION VS REALITY

EXPECTATION
You’ll make really detailed and organised notes every lecture using that brand new laptop you splurged on.

REALITY
You’ll probably end up watching hours of lectures on double-speed during Stuvac and wishing you hadn’t chosen BuzzFeed quizzes over listening to your lecturer.

EXPECTATION
Scheduling your classes at 9am will be a really good idea because you’ll have the rest of the day free to do other things.

REALITY
9am classes leave you so tired that all you want to do for the rest of the day is nap.

EXPECTATION
You’ll sign up to every society, attend all their events and be the most social student on campus.

REALITY
You’ll sign up to a few societies, and promptly forget about most of them until you get an email in November, thanking you for a good year.

EXPECTATION
You’ll join up to every society, attend all their events and be the most social student on campus.

REALITY
You’ll probably end up watching hours of lectures on double-speed during Stuvac and wishing you hadn’t chosen BuzzFeed quizzes over listening to your lecturer.

The rush of #nofilter photos has just begun. Instagram upgrades server in lieu of their easterly flight, and so Instagram upgrades server in anticipation. Sydney university students are set to return from Europe, the native species of northern Sydney university students are set to return from their annual homebound migration. As one year dawns, and another comes in its place, we face the cyclical beauty of nature. In light of their annual homebound migration, we face the cyclical beauty of nature. Holsworth was last reported learning about the collective resources of this publication by capitalism like the rest of the world, leaves rent five months overdue. Defeated by the estrangement of labour firsthand as she collected petition signatures still by assembly, Gina Holsworth has been forced to take on a part-time job at Subway, after discovering that collecting petition signatures still leaves rent five months overdue. Defeated by the estrangement of labour firsthand as she assembled her 27th foot-long sub for the day.

A third-year film student has opted to take an introductory film subject to appear worldly. A third-year film student has opted to take an introductory film subject to appear worldly. The oldest film he has ever seen to be The Fall of Faust from the mid-19th century. The collective resources of this publication were unable to discover any trace of its existence. Eye witnesses reported Rodriguez was perspiring quite noticeably when prompted about Olman Kamy, suspecting he had yet to watch it contrary to his claims.

As a resident socialist activist, she has accepted a part-time job at Subway, after discovering that collecting petition signatures still leaves rent five months overdue. Defeated by the estrangement of labour firsthand as she assembled her 27th foot-long sub for the day.

HOW MANY YELLOW SHIRTS ARE IN YOUR TEAM?
Altogether, the program is made up of 250 volunteers. We have 10 Organising Team Members (including me), 20 Squad Leaders, and 160 Yellow Shirts!

WHAT IS YOUR FAVOURITE THING ABOUT O-WEEK?
My favourite thing about O-Week is the vibe. The campus is just overrun with this huge buzz of positivity, the air is thick with anticipation, the stalls are packed with people and the campus is crawling with people who just want to have fun and share in that UNSW spirit. It’s absolutely infectious!

WHAT DID YOU WANT TO GET INVOLVED?
Before I was even enrolled at UNSW, I was warmly welcomed to the campus by the Yellow Shirts at prior events. Their warm hospitality was what showed me that UNSW is a university with students that care, that want to help others – I instantly knew that this was where I wanted to be, and buying a Yellow Shirt was something that I wanted to get involved with because I wanted to give that same energy back to students!

WHAT WOULD BE THE ONE PIECE OF ADVICE YOU’D GIVE TO FIRST-YEARS?
Try everything, do everything. If you walk past something on campus and it catches your eye, learn more about it – whether that’s a Yellow Shirts event during O-Week, or an interesting club, give everything a go. University is the place to explore your interests and experience new and wonderful things. The more you give, the more you will get. Make 2017 your time and make the most of it!

WHAT IS THE QUICKEST WAY TO GET FROM UPPER TO LOWER CAMPUS?
The most crucial element of O-Week is a tour! Run by Arc, a tour will let you in on everything you need to know to navigate UNSW campus life. The quickest way from Upper to Lower campus is the Main Walkway or the Basser Steps – whilst an arduous task, they’re the most direct and quickest way from Upper to Lower and vice versa! Sorry you couldn’t provide a super-secret passageway between the two. Although! I’ve heard there are secret passageways underneath our campus…
There's a New House on the Block.

The Greenhouse Opens
O-Week
Kick back and soak in the summer sunshine all year round at the new house on the block, the Roundhouse's home away from home.

Start of Session Heaven and Hell Party
2 March
Whether you're donning angel wings, a halo and a harp or horns, a cape and a pitchfork, start the semester with a bang.

Festival of Sport
7-9 March
Lace up your runners, whether you're an Olympic athlete, a sports fan or a certified couch potato, there's something to get everyone's heart racing and blood pumping.

Hell Party
7-9 March

St Patrick's Day
17 March
Follow the rainbow all the way to the pot of gold and four leaf clovers for celebrations at The Greenhouse and the Whitehouse.

Flea Markets
14 March, 11 April

Cider Fest
8-10 March
An apple a day keeps the doctor away, right? Enjoy apples in their final stage of evolution - bubbly goodness in a glass.

St Patrick's Day
17 March
Follow the rainbow all the way to the pot of gold and four leaf clovers for celebrations at The Greenhouse and the Whitehouse.

Beer Fest
21-24 March
To beer or not to beer? Always beer.

Stress Less Week
9-11 May
Get your head out of your textbooks, take a break and put your health and happiness first with Arc Wellness.

Student Cookbook Launch
24 May
Pick up your copy of the Student Cookbook and leave your spare change in your pockets because there ain't no party like a free food party!

End of Session Full Moon Party
1 June
Give your glow sticks a cracking and bleach your whites white to prepare yourself for a howling good time.

Clothes Swap
9 May
Dig through your floodrobe and trade in your pre-loved goods for truckloads of new treasure.

Mid-Session Toga Party
13 April
Wrap yourself in your finest threads, sprinkle on some golden dust and gather your squad in a Trojan horse to have a sheet tonne of fun.

The Whitehouse's 6th Birthday
8-12 May
Free cake, food specials, drinks specials, free cake. Did we mention free cake?

How to Adult
27-30 March
Forget about finding x, these workshops will have you mastering actual life skills and learning how not to blow up your kitchen or your budget.

Arc Turns 10!
3-7 April
The only thing better than a birthday is a birthday-week-long celebration as Arc turns 10!

To bear or not to bear? Always beer.

Arc Turns 10!
3-7 April
The only thing better than a birthday is a birthday-week-long celebration as Arc turns 10!

UNI BUCKET LIST

BY SAMANTHA CLEMENTE

WHETHER YOU'RE A FRESH-FACED FIRST-YEAR OR YOU'VE BEEN AROUND FOR A FEW YEARS, THERE ARE A FEW THINGS THAT EVERY UNSW STUDENT MUST CHECK OFF THEIR BUCKET LIST BEFORE THEY GRADUATE. ON BEHALF OF BLITZ, HERE ARE A FEW:

JOIN Arc
Arc is UNSW's student organisation that's run by students, for students. Arc will keep you in the loop about what's going down on campus and allow you to join clubs and societies like PhotoClub and the Secret Society. You'll also get some awesome off-campus discounts – uni parties included – so get on it.

GRAB MERCH @ THE GRAD SHOP
A significant rite of passage. Getting a shirt, hoodie or notebook with the elegant UNSW crest and 'UNSW' plastered on the front keeps the UNSW pride alive and makes sure that no one will confuse you for a USyd student when you're travelling to and from uni.

JOIN A SOCIETY
From the Circus Society to the Origami Society to the Comedy Club, UNSW has an array of different clubs and societies that will help you find your squad. Arc has every kind of club you could want – and if they aren't your jam, start your own! Jump on board by joining Arc and signing up on OrgSync.

INTERN/VOLUNTEER
You won't just gain a line on your résumé from this one. You can be travel bound with Global Village, help out Indigenous communities with Walama Muru, or pass on your HSC knowledge to high school kids with Shack Tutoring. Make the most of uni while you're here and bulk up your extra-curriculars.

WALK FROM UPPER TO LOWER CAMPUS
Whether you take the picturesque Main Walkway, up the rainbow coloured Basser Steps or the sidewalk alongside High Street, every UNSW student must, at some point or another, walk from Lower Campus to Upper Campus. Whether it be for a class, to meet a friend, for an ATM or Express Bus access, you can't be a true UNSW grad until you can speak (and complain) from experience about how every day at UNSW is leg day.

HIT UP blitz.arc.unsw.edu.au FOR MORE WHAT'S ON

CHEAP ASS SYDNEY

ENJOY

WHEN: 25 Feb, 6am - 6pm
WHERE: Manly Wharf

MOVE

WHEN: Every Monday from 8.30am-11.30am (beginners) & 12.30-2.30pm (intermediate), until 1 May
WHERE: 29-53 Hugo St, Redfern NSW
COST: FREE!

Feeling overwhelmed by the prospects of bank-breaking textbooks, sleepless nights and ruined healthy eating habits? Liven your spirits with the most fabulous weekend of the year! Sydney’s Gay and Lesbian Mardi Gras is THE Australian pride event in which people of all sexual orientations, genders and ethnicities (including you, straight people), can strut in the city wearing as little or as much as they please and be embraced by a community of acceptance.

This Saturday, Oxford Street will be packed with crowds flocking to watch a procession of the fiercest, fabulous and most inspirational floats Sydney has to offer. Ones up, drag up and duck up to Darlinghurst as the streets erupt with color on the gayest night of the year. Hazard warning: beware of glitter-induced asphyxiation.

Following the parade, the official after party commences, headlined with various notable Australian and international acts and continues into the early hours of the morning. If you’ve missed out on tickets, fear not as the surrounding clubs and bars also have cheap entry to similar parties continuing well beyond witching hour, with amazing drag shows, the best DJs and premier venues.

If the Saturday festivities were not enough, the Benedict Hotel pumps up the jam for the January Party, taking gay Sundays to the extreme. However, as pride is far more than partying, a myriad of surrounding events in the preceding week, celebrate queer culture in all its glory through artistic and political expression.

What university did you attend?  The University of Edinburgh.

What’s your favourite thing about Scotland?  The ridiculous proximity to natural beauty – Eddy is the second biggest end. The landscapes look absolutely insane.

How is America different to Australia?  To be honest there wasn’t a huge difference between America and Australia. The people are really nice but I felt like they weren’t as interested in world news as much as an average Australian. They don’t get as many holidays as us and it’s more of a working culture than in Australia. There is so much to see and different parts of America have totally different people, from the way they speak to how they act.

Is university quite different there?  University in America is really different compared to here. The lack of big lectures and smaller classrooms was much more engaging. The University of Florida has a huge student body, but we’re more involved in the social life in sororities and fraternities and extracurriculars and owns merchandise, showing off their university pride.

How is America different to Australia?  The Greek life, fraternities and sororities – we belong clubs that you have to pay and pledge to be part of, were extremely interesting. Each Greek life house has its own persona and each member mates such person. It was great gaining different perspectives on the system by talking to people. Greek life is really good for making friends, but members seem to lose their individuality. Greek life seemed pretty cool, but I didn’t like the fact that there was an interview process.

What did you find strange or interesting about Australia?  The people are really nice but I felt like they weren’t as interested in world news as much as an average Australian. They don’t get as many holidays as us and it’s more of a working culture than in Australia. There is so much to see and different parts of America have totally different people, from the way they speak to how they act.

Was your exchange trip successful?  The week and a half long trip I took down south of Florida. A few mates and I hired a minivan and drove to Miami, Key West and then back to Miami to go on a three day cruise to the Bahamas. Highlight of your trip?  Meeting some very interesting people from different cultures. I’m still in touch with some of the people I met during my exchange, and we have become really good friends. Another highlight was the American college football games, packed with students and alumni grilling food and partying before the game – known as tailgating.

How is Scotland different to Australia?  They sound so beautiful! Definitely a mating call for all the world’s sexiest people. The Scottish have curry sauce and we have chicken salt. We need to cook up. They love to put haggis in everything – I came across a haggis samosa and haggis chocolate.

Highlight your trip?  One of many – seeing Lindsay Lohan in Cannes during the film festival. She’s alive and kicking, everyone.

What university did you attend?  University of Florida.

What’s your favourite thing about America?  My favourite thing was the abundance of nature and outdoor activities. Florida has many beautiful springs with crystal clear water and awesome trails. One of my favourite things to do was river floats. A couple of mates and I would hire float rings and float down the springs for a few hours while stopping occasionally to explore the banks or jump off of a well-placed tree.

How is America different to Australia?  The Greek life, fraternities and sororities – we belong clubs that you have to pay and pledge to be part of, were extremely interesting. Each Greek life house has its own persona and each member mates such person. It was great gaining different perspectives on the system by talking to people. Greek life is really good for making friends, but members seem to lose their individuality. Greek life seemed pretty cool, but I didn’t like the fact that there was an interview process.

What’s your favourite tourism activity?  Seeing Lindsay Lohan in Cannes during the film festival. She’s alive and kicking, everyone.

What’s your favourite tourist activity?  Shredding a tear (of joy, surprisingly) whenever my dining hall had haggis – definitely a huge fan! I am a vegetarian so the various sheep’s innards-free version might’ve been more palatable than the traditional cook-up. They love to put haggis in everything – I came across a haggis samosa and haggis chocolate.

Any tips for students going on exchange?  Go to Edinburgh! Where else could you find Butterbeer at your local pub other than Hogwarts itself. Genuine advice: don’t over plan your post-exchange travel plans before you arrive – play it by ear during the semester and try to organise trips with your new friends. Also, the initial transition is quite hard, but remember, you are forging a life in a place completely isolated from your known, comfortable universe! So give yourself time for things to fall into place.

What university did you attend?  The University of Edinburgh.

What’s your favourite thing about Scotland?  The ridiculous proximity to natural beauty – Eddy is the second biggest city in Scotland but I had a beautiful, undisturbed view of Arthur’s Seat, an extinct volcano which is now a mountain of sorts, right from my balcony. Also, kind strangers who’ll let you freeload a car ride to hitch hike to Dublin.

Where did you live in Edinburgh?  I lived at Pollock Halls, which is the University’s catered dorm residence. I had a roommate from Bulgaria who did name (one of her Britz dolls after me…) but overall she was very kind and easy to live with!

How is Scotland different to Australia?  The Scottish have curry sauce and we have chicken salt. We need to cook up. They love to put haggis in everything – I came across a haggis samosa and haggis chocolate.

What did you find strange or interesting about Scotland?  People really do wear kilts as casual day wear – and also not to clubs.

Is university quite different there?  I noticed people don’t even go on Facebook during class. I had 10 contact hours spread over five days. Honestly, the intensity of classes I noticed people don’t ever go on Facebook during class. I had 10 contact hours spread over five days. Honestly, the intensity of classes I noticed people don’t ever go on Facebook during class. I had 10 contact hours spread over five days. Honestly, the intensity of classes...
The Super Retro Boy, essentially a clone of the original Game Boy, shares the same form-factor as the original, but packs more punch. It will play original Game Boy, Game Boy Colour and Game Boy Advance cartridges. Its 2500 mAh rechargeable battery will keep you playing your favourite games for 10 hours on a scratch and shatter-resistant TFT HD display. The best part is that it is only priced at US $80 (AU$109) and will be released in August later this year. Availability in Australia has not yet been confirmed, so keep your eyes peeled for updates.

The high-performance Huawei Mate 9 is big on features with its massive 5.9-inch, 2K screens and long-lasting 4000mAh batteries. It runs on Huawei’s own new Kirin 960 processor and will be compatible with Google’s Daydream VR platform. It boasts a Leica-branded dual-lens camera with a f/2.2 lens. Its overall design is updated with smoother bezels and a more refined look. The Huawei Mate 9 will arrive on our shores on February 7 at a recommended retail price of AU $930 and will be available from Optus, JB Hi-Fi, Harvey Norman, Vodafone and Allphones.

Lego Boost is the best way for anyone to build robotic toys. It comes with motors and programmable bricks that work with existing LEGO kits, turning them into motorized or motion-sensitive toys. There are also tilt sensors, including colour and distance sensors. You can use its companion app to drag and drop different actions to control the robot, rather than having to tediously code in commands. The kit comes with five robotic kits such as a cat, a robot, a guitar, a bulldozer and a LEGO stacking machine. It is expected to be for sale in the second half of 2017, priced at US $160.
**FREEING PETER**

How an ordinary family fought an extraordinary battle

**FREEING PETER BY THE GRESTE FAMILY**

We all remember the tale of Peter Greste, the Australian journalist whose arrest and imprisonment in Egypt in 2013 became a global outrage. Whether you participated in the ensuing hashtag activism or not, Greste became a symbol for press freedom thanks to the media campaign led by his family, whose incredible story is now detailed in full. Combining the perspectives of all five Greste family members, Freeing Peter reads as listening to the family having a conversation — recounting their extraordinary adventures, hardships, mishaps and eventual relief.

Greste, his father, mother and two younger brothers give insight into what it means to deal with overseas imprisonment in the era of social media, when creating a Facebook campaign has more political power than you’d expect. Peter provides “do’s and don’ts” for life in jail (should you ever find yourself in an Egyptian prison), while his experience is humbling. It’s his parents and brothers’ inside look that shine as they reveal their ongoing, selfless commitment to regaining Peter’s freedom.

Freeing Peter certainly has the products of a good read, including sibling rivalry, family arguments and global community solidarity. The Greste family story is certainly an important tale for media students and budding journos alike.

**Before Sunrise**

The script, penned by Linklater and Kim Krizan, captures the awkwardness of meeting someone new and trying to get to know them. The European backdrop of Vienna is a pretty place to meet someone, so much so that the story takes place primarily in one location. Jesse and a French woman, Celine decide to spend the day together.

At first, Celine and Jesse are just bored young people, attracted to each other on a surface level — but what we get is so much more than that. Their story is one of falling in love and suffering the pangs of heartbreak. It’s a love story for the ages, a love story that will resonate with audiences around the world.

After a chance encounter on a train, a young American man, Jesse and a French woman, Celine decide to spend the day together. The European backdrop of Vienna is a pretty place to meet someone, so much so that the story takes place primarily in one location.

**Before Midnight**

are definitely worth the watch.

This movie is not a love story, but it does play on the audience’s wildest fantasies. It’s a love story for the ages, a love story that will resonate with audiences around the world.

**Tearaway Unfolded**

Players recreate and design environments by tracing a pattern on the PlayStation 4 controller’s touchpad. While this is often needed to advance through the main story, a variety of side quests involve the player recreating parts of a character, leading to hilarious, poorly drawn limbs and disproportioned eyes mirroring abstract paintings. Regardless of your artistic skill, seeing your creations in the game’s environment is visually intriguing and makes for a more personal experience.

**Friday Night Lights**

Billion, Texas is that small town with big dreams. You can imagine the surprise on everyone’s faces when star quarterback, Jason Street has his promising football career wiped out because of a spinal injury in the first game of the season. Street’s accident is a low key catalyst for much of what happens in the series. Coach Eric Taylor has to find a new star quarterback, Matt Saracen is forced to step up to lead the team after being on the bench for most of his life, and the rest of the team just don’t know how to cope. Moreover, how does Street’s girlfriend handle the news? Why would her father be against her staying with him? Why does Street’s best friend go into seclusion?

Tied together by football, character development is the biggest success of Friday Night Lights. You can’t consider yourself an expert on teen drama by skipping this show.

**Yours - SG Lewis**

Hailing from the long line of British electronic music producers swarming our airwaves, newcomer SG Lewis is bringing his Disclosure-esque deep house beats rooted with R&B soul to the charts. The 22-year-old musical scientist, whose real name is Sam Lewis, tests his experimental tunes in the electronic music waters, pushing the boundaries of stereotyped club music. His concoction of calm beats juxtaposes the pumped-up electronic sounds, highlighting his unconventional DJ style perfectly.

Since dropping his highly successful debut single ‘Warm’ last year, SG Lewis has cemented his place in the pantheon of British electronic music producers. The album features his signature smooth vocals and progressive experimental electronic sounds, and is a perfect end to the summer and welcome to the new year. Tunes like ‘Yours’, ‘Holding Back’ and ‘Yours’ will get your groove on and it is just the sound you can’t help but bust your head to. With his nomination on MTV’s Brand New 2016 list and having smeared a coveted performance spot on the 2016 Coachella lineup, SG Lewis is definitely a fresh face to keep our radars on.

UNSUNG HEROES

BY SAMANTHA BALDRY

We all sing praises to the people at UNSW that help us survive the semester: our lecturers, older students and our tute friends. But there are a few people we so often forget! Shout-out to the backstage crew, our guardian angels, the unsung heroes of UNSW.

BARISTAS
These guys and gals work behind coffee machines like a well-oiled machine allowing you to transform from your zombie-like state just in time for your 9am class. They don’t just froth milk, and grind beans during peak hour, they prevent us from scribbling incomprehensible notes in our sleepy state. Our grades thank you, baristas – especially those at The Whitehouse who are there from early morning to late night, supplying sustenance to even the latest wakers. We love you a latte.

ARC WELLNESS
Suffering from a case of the blues? Struggling to concentrate in class? Need someone to help you get back on track? Arc Wellness is there to help. They run fortnightly pop-ups, from Yoga and Mindfulness classes to the Pat-a-Pooch room (basically a room full of puppies to play with) and Stress Less Week, helping us put our health and happiness first.
Visit arc.unsw.edu.au/wellness for more info on wellness initiatives and wellbeing tips.

CLUBS & SOCIETIES
We wouldn’t have much of a social life without all those clubs and societies ensuring our time at uni is filled with tons of fun! There over 200 clubs and societies around campus, from The Secret Society and Chess Club to the United Nations Society and Circus Society. Whatever your interests, there’s bound to be a club for it, and if one doesn’t exist you can start your own.
Head over to arc.unsw.edu.au/clubs for more information.

CAMPUS SECURITY
They may not directly assist us with our assignments, but Campus Security do help us sleep at night (especially if you live on campus). Keeping us safe behind the scenes, the lovely security staff are always a call away if we ever have concerns for our safety. Without their green shirts and expertise, our campus wouldn’t be as safe as it is.
We’ve interviewed big names like RUFUS, Wil Anderson and Rebecca Black. We’ve covered events like Groovin The Moo, TEDx Sydney and Tropfest. We’ve produced comedy skits, recapped Session Parties and participated in the odd challenge. We’ve been keeping students in the loop since ’88, and this year we’ve got plans to be bigger and better than ever before.

We’ve got morning and drive radio shows for those arduous journeys on the 891, as well as a bunch of niche radio shows catering to the many interests of our fellow students. We shoot people and events to create epic videos on surviving the dreaded exam period, regular What’s On videos highlighting events at UNSW and Sydney and video interviews of musicians, artists, authors and celebrities.

Whatever you’re into, we’ll keep you entertained through your breaks and help you productively procrastinate.

Think we can’t get any better? We also have a tonne of giveaways. Whether you’re reading, listening or watching, you have the chance to win free tickets to gigs, movies, comedy shows, session parties and plenty of other events at UNSW and around Sydney.

We’re always chasing budding content creators, regular contributors, radio show hosts, directors and editors! If you’ve been on writing, designing, photographing, showcasing your art, producing a radio show or videos, we want you! Perks of being involved include media passes to festivals, launches, gigs, rubbing shoulders with famous people, exclusive interviews, freebies, a pat on the back and a bunch of new Blitz friends.

BLITZ IS THE ULTIMATE STUDENT GUIDE TO WHAT’S ON, WHAT’S HOT AND WHAT’S NOT, SPRINKLED WITH A FEW MEMES, PUNS AND A HEAVY DOSE OF HUMOUR. RUN BY A BUNCH OF CREATIVE AND MEDIA-LOVING STUDENTS BURSTING WITH IDEAS, WE DEVELOP AND PUBLISH CONTENT FOR THE ENTERTAINMENT OF YOUR EAGER EYES AND EARS THROUGH ONLINE ARTICLES, VIDEOS, PODCASTS, OUR RADIO STATION AND BIANNUAL PRINT MAGAZINE.

SO WHAT EXACTLY IS THE B-GRADE SOCIETY? The focus of this is to watch low-budget films. We like movies that are so bad they’re good. As a society, we also like alternative comedy - we do things like watch comedy shows and more out there things.

SPEAKING OF MOVIES THAT ARE SO BAD THEY’RE GOOD, WHAT IS IT ABOUT BAD MOVIES THAT MAKES THEM ENJOYABLE?

There’s the acting, the sets, the lack of money that’s been put into it. Sometimes there’s been too much money put into it, and they just do a bad job of it. The characters, the story, there’s lots of things that make bad movies enjoyable. The people creating these movies have huge aspirations to make a great film and it’s great to watch when they completely mess everything up.

WHAT’S YOUR FAVOURITE BAD MOVIE?

It’s got to be The Room. People have heard of Birdemic and Sharknado and things like that, there are loads of bad movies, but The Room takes the cake. It had a relatively large budget, at least a few million and managed to be so bad it was great!

WHAT DO YOU THINK ABOUT B-MOVIES WITH A CULT FOLLOWING, AND THE COMMUNITY THAT FORMS AROUND THEM TO MAKE THEIR OWN IN-JOKES AND META-COMMENTARY, LIKE THE ROOM AND SPOONS, OR THE ROCKY HORROR SHOW?

Sometimes Sharknado and similar movies are funny to watch but it doesn’t feel like they deserve a cult following, because in my opinion they just didn’t do that good of a job. The Room or The Rocky Horror Show, have a lot of different facets to it, and there’s a lot of jokes you can make about them because they’re so weird and interesting, warranting a cult following. Every year we go to Hayden Orpheum in Mosman to watch The Room, they hand out spoons, and we scream and shout out during the movie. Such an experience has become so big, it sold out in 2019.
**HOROSCOPES**

**ARIES**
In 2017, you will have a love/hate relationship with time. Your alarm may be a salty bitch and make you miss your first lecture but at least you can pretend you’re still in holiday mode for a little bit longer.

**TAURUS**
Although you will have a heavy workload this year, your workload reflects your chasing your dreams. You may struggle with procrastination but this will make you worthy of the title Procrastination Queen.

**CANCER**
This year, you will evolve into the perfect student. Try not to get yourself in too much debt or burn down your kitchen/ house when cooking your fourth packet of microwaveable food.

**LEO**
Your dreams are destined to come true. People may start talking behind your back about you, but don’t worry - it’s mainly because they’re jealous of you.

**CAPRICORN**
You’re going to meet someone you have the hots for. You’ll stalk them on social media instead of asking them out, because a relationship sounds like work.

**SCORPIO**
This year you will have sore cheeks from smiling and laughing too much, whether it’s from someone tripping over or bingeing on deserts remember to exercise those cheeks of yours.

**LIBRA**
In 2017 you will experience many changes in your life. If you’re feeling unlucky, head to The Whitehouse or Greenhouse on St Patrick’s Day for a spot of Irish luck to rub off on you.

**SAGITTARIUS**
In 2017 you will have a love/hate relationship with time. Your alarm may be a salty bitch and make you miss your first lecture but at least you can pretend you’re still in holiday mode for a little bit longer.

**TAURUS**

In 2017 you will have a love/hate relationship with time. Your alarm may be a salty bitch and make you miss your first lecture but at least you can pretend you’re still in holiday mode for a little bit longer.

**TAURUS**
Although you will have a heavy workload this year, your workload reflects you chasing your dreams. You may struggle with procrastination but this will make you worthy of the title Procrastination Queen.

**SCORPIO**
This year you will have sore cheeks from smiling and laughing too much, whether it’s from someone tripping over or bingeing on deserts remember to exercise those cheeks of yours.

**LIBRA**
In 2017 you will experience many changes in your life. If you’re feeling unlucky, head to The Whitehouse or Greenhouse on St Patrick’s Day for a spot of Irish luck to rub off on you.

**GEMINI**
The stars have aligned in your favour for 2017, it is likely that you will meet your soulmate. Always carry chewing gum on you, you don’t want to talk to potential soulmates with bad breath.

**TAURUS**
Although you will have a heavy workload this year, your workload reflects you chasing your dreams. You may struggle with procrastination but this will make you worthy of the title Procrastination Queen.

**LIBRA**
Your dreams are destined to come true. People may start talking behind your back about you, but don’t worry - it’s mainly because they’re jealous of you.

**SAGITTARIUS**
In 2017 you will have a love/hate relationship with time. Your alarm may be a salty bitch and make you miss your first lecture but at least you can pretend you’re still in holiday mode for a little bit longer.

**TAURUS**
Although you will have a heavy workload this year, your workload reflects you chasing your dreams. You may struggle with procrastination but this will make you worthy of the title Procrastination Queen.
BRENDON KIM
WITH YELLOW SHIRTS

VOX POPS

YELLOW SHIRTS POSITION & WHAT IT ENTAILS:
My role is to lead and supervise the training of the volunteers. I'm also responsible for creating and executing training programs and ensuring the safety and wellbeing of the volunteers.

THREE WORDS TO DESCRIBE UNI LIFE:
Chill, relaxed, fun!

SHARON WONG

YELLOW SHIRTS POSITION & WHAT IT ENTAILS:
In charge of the Academic Events and Services portfolio for the Yellow Shirts program, it involves introducing students interested in academic pursuits to a range of events and organisations from a variety of academic arenas. I'm responsible for bringing a host of talks, workshops and demonstrations and also getting involved with the SnOw Quiz which focuses on top-notch classes.

THREE WORDS TO DESCRIBE UNI LIFE:
Diverse, Enriching, Memorable

YOUNG SHIRTS POSITION & WHAT IT ENTAILS:
I'm the O-Week Social Program Coordinator, and help bring for events to the Quad (because who doesn’t love the Quad?!)

THREE WORDS TO DESCRIBE UNI LIFE:
Social, Engaging, Memorable

JESSICA DAI

YELLOW SHIRTS POSITION & WHAT IT ENTAILS:
Tours and Training Organising Team member.

THREE WORDS TO DESCRIBE UNI LIFE:
Involving, Exciting, Stressful

EDMOND NGAI

YELLOW SHIRTS POSITION & WHAT IT ENTAILS:
As the Tours and Training Organising Team member, I'm in charge of the Tours aspect which involves teaching the Yellow Shirt volunteers required body with confidence to lead their squads, and making sure they're well-informed on the campus knowledge. The Tours aspect involves creating a functional tour system including the tour route, marshalling system and logistics of the tour itself.

THREE WORDS TO DESCRIBE UNI LIFE:
Versatile, Fun, Deadlines

YELLOW SHIRTS POSITION & WHAT IT ENTAILS:
I'm a member of the O-Week social team and I also help bring events to the Quad during O-Week.

THREE WORDS TO DESCRIBE UNI LIFE:
Diverse, Engaging, Memorable

WENDY TRAN

THREE WORDS TO DESCRIBE UNI LIFE:
Chill then 0-to-100

BETTY FEI

YELLOW SHIRTS POSITION & WHAT IT ENTAILS:
I'm responsible for bringing a host of talks, workshops and demonstrations and also getting involved with the SnOw Quiz which focuses on top-notch classes.

THREE WORDS TO DESCRIBE UNI LIFE:
Taps on Life

VICE FOR FIRST YEAR STUDENTS:
Don’t stress over the small stuff and get involved at uni! P

BEST CLUB ON CAMPUS:
AUS (University Network for Investing and Trading)

JESSICA DAI

VICE FOR FIRST YEAR STUDENTS:
Get involved whether it’s going to society events, volunteering, or taking part in a volunteer program – there’s so much to do at uni in your spare time and it’s a great way to meet new people. Also, don’t forget to join too many things if you’re overwhelmed, just have a wander around and see what you think you would enjoy!

UNMISSABLE EVENTS DURING O-WEEK:
Top 5 events you can’t miss! For all the info and Resilience and Quad Bash Society! Make sure you check out the Quad and Miller Green, there will be lots of events going on there.

UNMISSABLE EVENTS DURING O-WEEK:
Top things to do at uni in your spare time and it’s a great way to meet new people. Also, don’t forget to join too many things if you’re overwhelmed, just have a wander around and see what you think you would enjoy!

VICE FOR FIRST YEAR STUDENTS:
If you’re new to uni and you’re not sure where to go, try joining a society! There are so many options to choose from, and you’ll meet lots of people and have a great time.
