However – as we approach the deadline I notice you haven’t submitted what was required. I am kindly asking that you do so within the next minutes or else –

and time for rearrangement and such, and – reproduction

We are Thrilled – Thrilled ! – some might say Thrilled even – upon intial confirmation that this is happening but it needs to happen sooner

I don’t care if you say We should’ve been cancelled a while ago but

we have given you time.

I can feel your irritation

And that rising certainty it will be done, I can feel it all in you, if you would please just, just

When you said Yes i thought  
The 4 horsemen are Quaking in their boots  
The 4 horsemen are Crying in their sleep

but you need to get this to me by now

Signing off.

I need to  
This is not what you  
This is not what you promised.

Please respond.

We are not real anymore

We are not happy.

I know that for you the constirction loosened  
as another thing you feel okay letting go

Fight it.

You’ll notice  
the circular refrains

You’ll notice  
containers, emptied.

The pounding flattens into a hum  
steady and somnolent

Please, I say through tears,  
please, sobbing  
please

I see you’ve seen it  
time stamped that many minutes ago

& I just need a response  
I juse need a response and I will be happy

there are still rules I need to  
feel as thought there are still rules

Yours,

dickwad  
just wanted to let you know the rivers ran over the ice  
the buffalo, in droves, were driven into the shore  
& the geese fell down, petrified.

writing to you  
the breath pacens up ! flies away  
just wanted to let you know we are  
mildly frustrated  
like how the pacific currently boils over, out of mildness  
like how the sky rends & out flow batwinged demons  
laughing in American accents

the glitch in every eyeball floods like vista

we agreed  
we agreed that you'd do this  
we  
just wanted to let you know

language ran into itself a five car pileup in the tarmac the  
length of  
the conscious  
because the lines didn't make sense any more  
a sense of whereness & whenness darted away in the night

out of its wake a spurting  
a melody of sinuous decay  
I wanted to let you understand

this not the end not the end not the end

this is not the end                      we were promised
