

Have you ever realised how much Arc@UNSW really does? A student organisation with thousands of members that run parties, clubs, sports, stores, O-week and more!

I would love the opportunity to continue representing you and the thousands of other members as a student director on Arc Board to continue improving the UNSW experience for you.

Having been on Arc Board for the past 2 years, I have learnt what can actually be achieved on Board and this is what I would push for on your behalf;

- Greater understanding and transparency on what Arc does
- More conversations with UNSW staff on improving UNSW 3+
- Maintain an Arc investment policy based on ethical principles (including no fossil fuels or gambling)

Being in my fifth year at UNSW I feel I have been to enough Uni-Games, Roundhouse parties and club events to represent what you truly want at UNSW. Vote [1] Jess Lasky.
