

Laura Montague

Board Election Nomination:

Hi, my name is Laura Montague and I am a proud Barkindji woman. As a 3rd year Law/Arts student, I am running for the Arc Board because I believe that in order to have a successful, well-functioning university, meeting student needs must be the first priority, and their voice must be heard in decision-making.

By actively listening and living on campus; holding executive positions; and engaging with many UNSW clubs and committees, I have gained insight into the student perspective and will draw upon that knowledge to best represent the interests of all students.

As Student Director, I will strive to maintain UNSW as a safe and inclusive environment for all, particularly focusing on student mental health and well-being. I will enhance the university experience by continuing to celebrate student diversity, driving change to make sure that the university is as equitable as possible.
