LIVE AND LOUD AT THE ROUNDHOUSE

Roundhouse has been crafted to maximise the spectator experience at your event, offering a cohesive entertainment precinct featuring a main concert hall, directly connected to a full-service bar and food outlet, flowing out to a landscaped Beergarden.

Level 1 offers a second dedicated bar, a balcony with amazing sightlines over the crowd and main stage, with options for VIP ticketing and upsell packaging to tailor your offering to guests.

Our d&b line array PA and accompanying Digico SD12 desk provide the excellent audio quality the d&b V Series is renowned for, while keeping clear sightlines for guests in their flown positions off the main floor.

Roundhouse is scalable and can be fully configured to your needs. From a main room only gig to using the full venue capacity of 2,200 in all its glory.

Speak to a member of our team to make an enquiry, place a hold, or request further information about how Roundhouse can work for your event.

AUDIO

A fully featured d&b V series line array is the headline item on our audio specs. Supported by a new SD12 desk from Digico.

We stock a wide range of Shure, Sennheiser, and Audix microphones, DI boxes and mic stands.

For Dance and EDM events, the venue ranges Pioneer CDJ kits.

Consoles	Digico SD 12 Digico SD 8
PA	d&b V series flown array: Main left: 6 x Vi8, 2 x Vi12 Main right: 6 x Vi8, 2 x Vi12 Main subwoofers: 6 x B22
Foldback	d&b audiotechnik M4 monitor

VISION

A High-End Hog 4 lighting desk will drive your Roundhouse light show. In addition, we have packed up our range of Macs, Molefayes, Fresnels, and profiles with a new suite of ColorSource and Source-4 LEDs from ETC.

The truss configuration provides front and rear stage truss, as well as a circular truss in the centre of the room.

ROUNDHOUSE FACILITIES

STAGING

We can configure 54sqm of ProStage modular staging up to 1.2m in height. Standard build is 9m wide x 6m deep.

CURTAINS AND DRAPES

A curtain track fitted with fire-retardant black wool curtain runs around the main room, allowing for a smaller configuration of the space where required.

PUNTER BARRIER

We use industry standard crowd control barrier.

GREEN ROOM

We have a dedicated Green Room behind the stage, inclusive of a private shower and toilet facilities.

BOX OFFICE

A Ticketek box office is available for you to sell and distribute tickets and manage guest lists.

MERCHANDISE

A merchandise area in a prominent position near the main entry is available for you to use to maximise revenue opportunities.

SECURITY

Roundhouse has used I-Sec for the best part of a decade, and we are pleased to have a partner with their level of professionalism and experience at our concerts.

TRANSPORT

Public transport can deliver guests to the venue door on Anzac Parade, and multi-story car-parking is available within 200m.

BUS SERVICES

The **891** Express bus takes you from Central Station (Eddy Ave, Stand D) dropping you right at the Gate of UNSW. The **890, 892** (peak hour), **392, 394, L94, 396, 397** and **399** services operate along Elizabeth St in the City.

The **370** operates via Leichhardt, Glebe, Newtown, Green Square & Coogee. The **400** operates via Bondi Junction, Airport, Rockdale, Burwood. Other service routes **302, 303, 357, 359** and **410**.

MARKETING

Our prime location and partnerships allow you to connect with over 55,000 UNSW students, primarily within the 18 - 25 demographic. We can work with you to seize this unique opportunity to expose your event to the students on campus.

We support our clients by marketing your event via our digital platforms, EDMs (Electronic Direct Mail) to our database, posterage and flyering on the university campus and negotiation of favourable marketing opportunities with our ticketing partner Ticketek.

A number of sponsorship options are also available to run on-campus and digital promotions to further engage with students on the ground.
